TOWN COUNCIL AGENDA COMMUNICATION

AGENDA DATE: March 19, 2018

ITEM NUMBER: 9A

SUBJECT: Public Hearing – Resolution Approving the Consolidated Service Plan for the Villages at Johnstown Metropolitan Districts Nos. 1-8.

ACTION PROPOSED: Approve Resolution No. 2018-03

PRESENTED BY: Town Attorney, Sam Light (Special Counsel) and Jim Harrington (Financial Advisor)

AGENDA ITEM DESCRIPTION: An application for approval of a Consolidated Service Plan (“Service Plan”) was submitted for the Villages at Johnstown Metropolitan Districts Nos. 1-8 (“Districts”) by J-25 Land Holdings, LLC (“Developer”), pursuant to the requirements of the Special District Control Act, Title 32, Article 1, Part 2, C.R.S. The Service Plan was submitted in connection with a development known as the Villages at Johnstown, generally located at the southeast corner of Interstate 25 and State Highway 402. The development is subject to an Annexation Agreement, R & D Development and Cross Annexations, dated March 1, 2003, a Preliminary Plat dated on or about June 2, 2005 and design guidelines approved and dated April 26, 2006.

To satisfy the statutory requirements, the Service Plan includes (1) a description of the proposed services, (2) a financial plan as to how the services are to be financed, (3) a preliminary engineering or architectural survey showing how the proposed services are to be provided, (4) a map of the proposed District boundaries, (5) an estimate of the population and valuation for assessment of the proposed District, (6) a description of the facilities to be constructed and the standards for construction, (7) a general description of the estimated cost of acquiring land, engineering services, legal services, administrative services, initial proposed indebtedness and estimated proposed maximum interest rates and discounts, and other major expenses related to the organization and initial operation of the district, and (8) a proposed intergovernmental agreement.

The initial boundaries of the proposed Districts include 2 acres with inclusion boundaries, the total anticipated size of the Districts, totaling an additional 252 acres. The Developer anticipates commercial, residential and industrial uses. The Service Plan includes a residential debt mill levy cap of 40 mills, a commercial debt mill levy cap of 50 mills and an operations and maintenance mill levy cap of 10 mills for all the property. The mill levy caps are subject to “Gallagher Adjustment,” meaning, primarily, that if the residential assessment ratio is changed, the mill levy may be increased above the cap so that ratio change is revenue neutral to the Districts. Per the Service Plan, the Districts have authority to issue debt in the total amount of \$72,500,000 to be paid within a maximum of 40 years, unless refunded in compliance with the Service Plan.

The Service Plan is generally consistent with the Model Service Plan adopted by Town Council on February 22, 2017, with the following exceptions. The District is not entitled to issue debt, impose a mill levy or charge development fees until the Developer obtains final approval of a subdivision plat for the first phase of the development. Prior to the issuance of any debt, the Districts are required to submit financial forecasts and feasibility reports to the Town. The Service Plan does not permit the Districts to utilize exemption from the Town’s sales and use tax. To attempt to address concerns regarding control districts, the Service Plan requires that the Districts enter into intergovernmental agreements governing the relationship between and among the Districts that contain provisions, among other matters, relating to the orderly development of the public improvements and the payment of debt. The Districts are required to submit the proposed intergovernmental agreements to the Town for review prior to execution. The Districts may not thereafter

amend the intergovernmental agreements without consent of all the Districts that are parties thereto. An amendment, without consent, will be considered a material modification of the Service Plan and require the Districts to seek approval from Town Council.

Consistent with the Model Service Plan, the Districts are entitled to impose one-time development fees to fund District expenses. The financial plan does not reflect the anticipated revenue to be generated from the development fees. The Miracle/Encore Service Plan, which was also approved early in the development process, required the developer to enter into an intergovernmental agreement with the Town prior to the imposition of development fees. The policy basis for the requirement was to provide the Town with an opportunity to ensure that the overall fees for development in the Town will not be overly burdensome and deter development. While the market will presumably dictate the amount of the development fees, if the development fees are high, a developer may request relief from the Town in the form of a waiver of the Town fees. Although not a requirement of the Model Service Plan, Town Council may require that a provision be included in the Service Plan requiring that the Districts enter into an intergovernmental agreement with the Town prior to the imposition of development fees.

Pursuant to state law, the Town Council must approve the Service Plan before the Districts are formed and entitled to operate. The Service Plan must be approved through a public hearing process and, upon approval, be submitted to the Larimer County District Court for an election regarding the organization of the Districts. Notice of this public hearing was published in *The Johnstown Breeze* and provided to interested persons by the proponents of the Districts.

LEGAL ADVICE: The Town Attorney and the Town's special counsel, Sam Light, have reviewed the proposed Consolidated Service Plan.

FINANCIAL ADVICE: The Town's financial advisor, Jim Harrington of Ehlers, a municipal advisory firm, has reviewed the financial plan.

RECOMMENDED ACTION: Approve Resolution No. 2018-03.

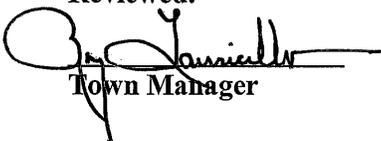

SUGGESTED MOTION:

For Approval: I move to approve Resolution No. 2018-03, a Resolution Approving the Consolidated Service Plan for the Villages at Johnstown Metropolitan Districts Nos. 1-8.

For Approval with Conditions: I move to approve Resolution No. 2018-03, a Resolution Approving the Consolidated Service Plan for the Villages at Johnstown Metropolitan Districts Nos. 1-8, with the following amendments to the proposed Service Plan, _____, and direct the Town Attorney to revise the Service Plan accordingly.

For Denial: I move to deny approval of Resolution No. 2018-03 and the Consolidated Service Plan for the Villages at Johnstown Metropolitan Districts Nos. 1-8.

I. INTRODUCTION

A. Intent and Purpose.

The Town intends that this Service Plan grant authority to the Districts to provide for the planning, design, acquisition, construction, installation and financing of Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The Town and the Districts acknowledge that the Districts are independent units of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, this Service Plan or an intergovernmental agreement with the Town, the Districts' activities are subject to review by the Town only insofar as the activities may deviate in a material manner from the requirements of the Service Plan.

B. Need for the Districts.

There are currently no other governmental entities, including the Town, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation and financing of the Public Improvements or the ownership, operation and maintenance of the Public Improvements that are not accepted for ownership, operation and maintenance by the Town or another entity. Formation of the Districts is therefore necessary in order for the Public Improvements to be provided in the most economic manner possible.

C. Town's Objective.

The Town's objective in approving the Service Plan is to authorize the Districts to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements from the proceeds of Debt that may be issued by the Districts and to provide for the ownership, operation and maintenance of any Public Improvement not otherwise accepted for ownership, operation or maintenance by the Town or another entity. Debt is expected to be repaid by an ad valorem property tax no higher than the Maximum Debt Mill Levy and other legally available revenues of the Districts. Debt issued within these parameters and, as further described in the Financial Plan, is intended to insulate property owners from excessive tax and financial burdens and result in a timely and reasonable repayment. Public Improvements costs that cannot be funded within these parameters are not costs to be paid by the Districts.

The Town intends to authorize the Districts to have the ability to plan, design, acquire, construct, install and finance the initial Public Improvements necessary to develop the Project and seeks the timely payment of Debt related to those initial Public Improvements so that the financial burden on End Users is minimized. The Districts shall be required to obtain authorization of the Town, in the form of an intergovernmental agreement, prior to issuing Debt for redevelopment of an existing Public Improvement.

The Town prefers that all property classified as Residential Property shall be located solely within the boundaries of a Residential District and that all property classified as Commercial Property shall be located solely within the boundaries of a Commercial District. The distinction facilitates two goals: (1) to have similarly situated properties governed by common interests, and (2) to apply a lower maximum tax burden on residential owners. The foregoing

shall not prohibit a Residential District, Commercial District or Mixed-Use District from sharing the costs of Public Improvements in compliance with the provisions of this Service Plan and applicable law.

The Town intends that the Districts dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt and for continuation of any operations.

The Service Area consists of approximately two hundred and fifty two (252) acres of planned mixed-use land. The current assessed valuation of the Service Area is approximately \$27,457 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The population of the Districts at build-out is estimated to be approximately eleven hundred (1,100) people.

The Town's approval of this Service Plan does not imply approval of the development of a specific area within the Districts, nor does it imply approval of the number of residential units or the commercial area that may be identified in this Service Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the Districts and Service Plan Amendment.

The Districts shall have the power and authority to provide the Public Improvements and operation and maintenance services within and without the boundaries of the Districts as such power and authority is described in the Special District Act and in other applicable statutes, common law and the Constitution, subject to the limitations set forth herein.

1. Operations and Maintenance Limitation. The purpose of the Districts is to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The Districts shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with the Approved Development Plan and other rules and regulations of the Town and the Town Code.

2. Trails and Amenities. The Districts may own, operate and maintain trails and related amenities within the Districts. All parks and trails shall be open to the general public, including Town residents who do not reside in the Districts, free of charge. Any fee imposed by the Districts for access to recreation improvements owned by the Districts, other than parks and trails, shall not result in Town residents who reside outside the Districts paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by residents of the Districts and shall not result in the Districts' residents subsidizing the use by non-Districts' residents. The Districts shall be entitled to impose a reasonable administrative fee to cover additional expenses associated with use of District recreational improvements, other than parks and trails, by Town residents who do not reside in the Districts to ensure that such use is not subsidized by the Districts' residents.

3. Fire Protection, Ambulance and Emergency Services Limitation. The Districts shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision. The Districts shall not be authorized to provide for ambulance or emergency medical services unless the provision of such service is approved by the Town in an intergovernmental agreement.

4. Television Relay and Translation Limitation. The Districts shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town.

5. Telecommunication Facilities. The Districts agree that no telecommunication facilities owned, operated or otherwise allowed by the Districts shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Construction Standards Limitation. The Districts shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction. The Districts shall obtain the Town's approval of civil engineering plans and applicable permits for construction and installation of Public Improvements prior to performing such work.

7. Zoning and Land Use Requirements; Sales and Use Tax. The Districts shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

8. Growth Limitations. The Districts acknowledge that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the Districts and the realization of Districts' revenue.

9. Conveyance. The Districts agree to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the Districts that is necessary, in the Town's sole discretion, for any Town capital improvement projects for transportation, utilities or drainage. The Districts shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the Districts that the Town determines are necessary for access to and operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

10. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the Districts shall obtain the certification of an External Financial Advisor approved by the Town, in form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the Districts' Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the Districts.

The Districts shall submit written notice to the Town Manager of the name of the proposed External Financial Advisor which shall either be approved or objected to by the Town within twenty (20) days of the submittal of such written notice to the Town Manager. If the Town Manager does not object to such selection within the twenty (20) day period, the Town Manager's approval shall be deemed to have been given to the District retaining the External Financial Advisor named in the written notice.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the Districts shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the Districts and the Town regarding the issuance of the Debt.

11. Inclusion Limitation. The Districts may include all property with the Inclusion Area Boundaries, and shall provide written notice to the Town of all such inclusions concurrently therewith. The Districts shall not include within their boundaries any property outside the Inclusion Area Boundaries without the prior written consent of the Town. The Districts shall only include within its boundaries property that has been annexed to the Town and no portion of any of the Districts shall ever consist of property not within the Town's corporate boundaries.

12. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate Debt mill levies within the overlapping Districts will not at any time exceed the lesser of the Maximum Debt Mill Levy that applies to either of the overlapping Districts.

13. Debt Limitation. Unless otherwise approved in an intergovernmental agreement with the Town, on or before the effective date of approval by the Town Council of a final subdivision plat for Phase 1 of the Project, the Districts shall not: (a) issue any Debt; (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; or (c) impose and collect any Development Fees.

14. Maximum Debt Authorization. The Districts shall not issue Debt in excess of Seventy Two Million Five Hundred Thousand Dollars (\$72,500,000). Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization, and Debt in the form of an intergovernmental agreement between one or more of the Districts shall not count against the Maximum Debt Authorization set forth herein.

15. Recurring Fee Limitation. The Districts may impose and collect Recurring Fees for administrative, operations and maintenance expenses and for services, programs or facilities furnished by the Districts. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town, either administratively or by formal action of Town Council, at the discretion of the Town Manager. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the Districts, the Town shall be deemed to have approved the ability of the Districts to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

16. Monies from Other Governmental Sources. The Districts shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the Districts without any limitation.

17. Consolidation Limitation. The Districts shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town, unless such consolidation is with one of the other Districts.

18. Public Improvement Fee Limitation. The Districts shall not collect, receive, spend or pledge to any Debt or use to pay for operations and maintenance services, any fee, assessment, tax or charge which is collected by a retailer in the Districts on the sale of goods or services by such retailer and which is measured by the sales price of such goods or services, except pursuant to an intergovernmental agreement with the Town.

19. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the Districts shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan.

20. Water Rights/Resources Limitation. The Districts shall not acquire, own, manage, adjudicate or develop water rights or resources except pursuant to an intergovernmental agreement with the Town.

21. Eminent Domain Limitation. Absent the prior written approval of the Town, the Districts shall not exercise their statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the Districts’ exercise of their statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area. In no event shall the Districts exercise their statutory power of dominant eminent domain to condemn property owned by the Town.

22. Covenant Enforcement and Design Review Services. The Districts shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the Districts in accordance with the Colorado Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the Districts. The Town’s architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the Districts.

23. Special Improvement Districts. The District shall not be entitled to create a special improvement district pursuant to Section 32-1-1101.7, C.R.S., unless otherwise provided pursuant to an intergovernmental agreement with the Town.

24. Reimbursement Agreement with Adjacent Landowners. If the Districts utilize reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be done in accordance with Town Code. Any and all resulting reimbursements received for such improvement shall be used to re-pay the cost of the Public Improvement that is the subject of the

reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

25. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the Districts may not be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests required to be dedicated for public use by annexation agreements, Approved Development Plans, the Town Code or other development requirements, unless otherwise provided pursuant to an intergovernmental agreement with the Town. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, water rights, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council.

26. Developer Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the Districts, or for funds expended on the Districts behalf related to the Public Improvements, or for the acquisition of any part of the Public Improvements, the Districts shall receive: a) the report of an engineer retained by the Districts, independent of the Developer and licensed in Colorado verifying that, in such engineer's professional opinion, the reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition, including the construction costs and the soft costs, but excluding the accounting and legal fees, are, in such engineer's opinion, reasonable and are related to the provision of the Public Improvements or are related to the Districts' organization; and b) the report of an accountant retained by the Districts, independent of the Developer and licensed in Colorado verifying that, in such accountant's professional opinion, the reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, are, in such accountants opinion, reasonable and related to the Public Improvements or the Districts' organization. Upon request, the Districts shall provide the reports to the Town.

27. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the Districts or the operation and maintenance of the Public Improvements, the Districts shall receive the report of an accountant retained by the Districts, who is independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, the reimbursement of the funds advanced for such administration, operations or maintenance costs, are, in such accountant's opinion, receivable and related to the administration, operations or maintenance of the Districts or the Public Improvements. Upon request, the Districts shall provide the report to the Town.

28. Board Meetings and Website Limitations. Once an End User owns property in the Service Area, the Districts' Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown. The Districts' website(s) shall include the name of the Project or a name that allows residents of the development community to readily locate the Districts online and shall also include an updated street map for those properties within the Service Area that have constructed streets that are open for public use.

29. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the Districts in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the Districts, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The Districts shall be responsible for payment of the Town consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

B. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the Districts to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the Districts which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the Districts, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

C. Capital Plan.

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements within and without the boundaries of the Districts. A Capital Plan, attached hereto as **Exhibit E**, includes: (1) a list of the Public Improvements to be developed by the District, supported by a engineering or architectural survey; (2) a good faith estimate of the cost of the Public Improvements; and (3) a pro forma capital expenditure plan correlating expenditures with development. The Public Improvements described in the Capital Plan may be modified in an Approved Development Plan or an intergovernmental agreement with the Town, and may differ from the Capital Plan without constituting a material modification of this Service Plan. To the extent that the Capital Plan sets forth the timing of the construction of the Public Improvements, such timing may also deviate from the Capital Plan without constituting a material modification of this Service Plan. As shown in the Capital Plan, the estimated cost of the Public Improvements is approximately Seventy Two Million Dollars (\$72,000,000). Costs of required Public Improvements that cannot be financed by the Districts within the parameters of this Service Plan and the financial capability of the Districts are expected to be financed by the Developer of the Project.

D. Multiple District Structure.

The Town anticipates that the Districts, collectively, will undertake the planning, design, acquisition, construction, installation and financing of the Public Improvements contemplated herein. Specifically, the Districts shall enter into one or more intergovernmental agreements

governing the relationship between and among the Districts with respect to the planning, design, acquisition, construction, installation and financing of the Public Improvements contemplated herein and with respect to the administration, operations and maintenance of the Districts. Such intergovernmental agreements between and among the Districts, and all amendments thereto, shall be designed to help assure the orderly development of the Public Improvements and essential services in accordance with the requirements of this Service Plan. Implementation of such intergovernmental agreement is essential to the orderly implementation of this Service Plan. Accordingly, any determination of any Board to set aside said intergovernmental agreement, or any provision thereof or amendment thereto, without the consent of all of the Districts shall be a material modification of the Service Plan. All intergovernmental agreements and amendments thereto proposed between or among the Districts regarding the subject matter of this Service Plan shall be submitted to the Town at least forty-five (45) days prior to their execution by the Districts, for Town review. Such Town review and approval shall be with reference to whether the intergovernmental agreement(s) are in compliance with this Service Plan, the Intergovernmental Agreement, and the terms of any Approved Development Plan or other instrument related to the Public Improvements. If the Town within such forty-five (45) days submits qualified objections to the proposed agreement or amendment, then the Districts shall work with the Town to resolve such objections and obtain Town Council approval, by resolution, of the form of such agreement or amendment prior to the Districts' execution thereof. The Town by a writing signed by the Town Manager may elect to waive such forty-five (45) day period.

VI. FINANCIAL PLAN

A. General.

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the Districts are reasonably able to pay from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the Districts shall be permitted to issue shall not exceed the Maximum Debt Authorization, Seventy Two Million Five Hundred Thousand Dollars (\$72,500,000), and shall be permitted to be issued on a schedule and in such year or years as the Districts determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, as set forth in this Service Plan, including ad valorem property taxes or Development Fees.

The Financial Plan, prepared by D.A. Davidson and Co., and attached hereto as **Exhibit F**, sets forth (i) how the Public Improvements are to be financed; (ii) how Debt may be incurred; and (iii) the estimated operating revenue derived from property taxes for the Districts. The Maximum Debt Authorization is supported by the Financial Plan.

In addition to the other requirements of this Service Plan, at least forty-five (45) days prior to the issuance of any Debt, the Districts shall submit to the Town the then-current financial forecasts and feasibility reports for such proposed issuance, together with a current certification, of the Board(s) issuing such Debt, dated within sixty (60) days of such submittal, that such proposed Debt is in compliance with the Service Plan.

In its discretion, the Town may require additional financial forecasts and feasibility reports to evaluate the Financial Plan for commercial projects, wherein the Town is sharing revenue with, or providing additional economic incentives to, the Developer. Such a requirement shall be set forth in an intergovernmental agreement with the Town.

B. Maximum Voted Interest Rate, Maximum Underwriting Discount, Maximum Interest Rate on Developer Debt.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not to exceed twelve percent (12%). The proposed maximum underwriting discount shall be four percent (4%). Debt, when issued, shall comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities. Failure to observe the requirements established in this paragraph shall constitute a material modification under the Service Plan.

The interest rate on Developer Debt shall not exceed the lesser of the current Bond Buyer 20-Bond GO index plus four percent (4%) or twelve percent (12%). Developer Debt shall be subordinate to other Debt of the Districts and shall be subject to the debt limitation term provided in Section VI.D below.

C. Mill Levies.

1. Maximum Commercial Debt Mill Levy. The Maximum Commercial Debt Mill Levy shall be fifty (50) mills subject to a Gallagher Adjustment. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Commercial District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Commercial Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

2. Maximum Residential Debt Mill Levy. The Maximum Residential Debt Mill Levy shall be forty (40) mills subject to a Gallagher Adjustment. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Residential District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Residential Debt Mill Levy if a majority of the Board of the Residential District are End Users residing in such Residential District, and such Residential District Board authorizes such a Maximum Residential Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. Maximum Mixed-Use Debt Mill Levy. The Maximum Residential Debt Mill Levy shall apply to any Mixed-Use District; provided however, that if the inclusion of Residential Property and Commercial Property into a Mixed Use District is approved by the Town in an intergovernmental agreement that is approved by Town Council and is separate from the Intergovernmental Agreement provided for in Section IX and Exhibit D of this Service Plan, then

the Maximum Commercial Debt Mill Levy may be applied within a Mixed-Use District. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Mixed-Use District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Residential Debt Mill Levy if a majority of the Board of the Mixed-Use District are End Users residing in such Mixed-Use District, and such Mixed-Use District Board authorizes such a Maximum Residential Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

4. Operations and Maintenance Mill Levy. The Operations and Maintenance Mill Levy shall be a mill levy the Districts are permitted to impose for payment of the Districts' administrative, operations and maintenance costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. The maximum Operations and Maintenance Mill Levy of a District shall be ten (10) mills, subject to a Gallagher Adjustment, and shall at all times not exceed the maximum mill levy necessary to pay those expenses. If a majority of the Board of Directors of a District are End Users residing in such District, such Board may eliminate the Maximum Operations and Maintenance Mill Levy if approved by the Town in an intergovernmental agreement.

5. Subdistricts. To the extent that a District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to each District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

D. Mill Levy Imposition Term.

1. Developer Debt Mill Levy Imposition Term. Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the Districts of an ad valorem property tax to pay any Debt, unless otherwise provided pursuant to an intergovernmental agreement with the Town. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a party related to the Developer. Developer Debt shall not have any call protection.

2. Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, a Residential District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such mill levy unless a majority of the Board of the Residential District imposing the mill levy are End Users residing in such Residential District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. et seq.

E. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt, the Districts shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the Resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, the Developer of property within the boundaries of the Districts.

F. Publicly-Marketed Debt.

At least ten (10) business days prior to the issuance of Publicly-Marketed Debt, the Districts shall provide the Town with the marketing documents that have been or shall be published. Within ten (10) days subsequent to the issuance of Publicly-Marketed Debt, the Districts shall provide the Town with the Bond Counsel Opinion addressed to the Districts and the Town regarding the issuance of the Debt and copies of the relevant Debt documents.

G. Security for Debt.

The Districts shall not pledge any revenue or property of the Town as security for the indebtedness set forth in this Service Plan. The Town's approval of this Service Plan shall not be construed as a guarantee by the Town of payment of any of the Districts' obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the Districts in the payment of any such obligation.

H. District Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated cost of the Districts' organization and initial operations, are anticipated to be One Hundred Thousand Dollars (\$100,000), which will be eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the Districts will require operating funds for administration and to plan and cause the Public Improvements to be constructed and maintained. The first year's operating budget is estimated to be One Hundred Fifty Thousand Dollars (\$150,000) which is anticipated to be derived from property taxes and other revenues.

This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

- (a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.
- (b) The Company shall have the right, in addition to the options contained in

Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

- (c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

- (a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.
- (b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

- (a) To Pay or Tender Payment of the Amount of Insurance.
To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay. Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.
- (b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.
- (i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or
- (ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs,

attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

- (a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of
- (i) the Amount of Insurance; or
- (ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.
- (b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,
- (i) the Amount of Insurance shall be increased by 10%, and
- (ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.
- (c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

- (a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.
- (b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.
- (c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the Districts; and

WHEREAS, the Town and the Districts have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Intergovernmental Agreement ("Agreement").

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance Limitation. The Districts shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with the Approved Development Plan and other rules and regulations of the Town and the Town Code.

2. Trails and Amenities. The Districts may own, operate and maintain trails and related amenities within the Districts. All parks and trails shall be open to the general public, including Town residents who do not reside in the Districts, free of charge. Any fee imposed by the Districts for access to recreation improvements owned by the Districts, other than parks and trails, shall not result in Town residents who reside outside the Districts paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by residents of the Districts and shall not result in the Districts' residents subsidizing the use by non-Districts' residents. The Districts shall be entitled to impose a reasonable administrative fee to cover additional expenses associated with use of District recreational improvements, other than parks and trails, by Town residents who do not reside in the Districts to ensure that such use is not subsidized by the Districts' residents.

3. Fire Protection, Ambulance and Emergency Services Limitation. The Districts shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision. 5. Telecommunication Facilities. The Districts agree that no telecommunication facilities owned, operated or otherwise allowed by the Districts shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Construction Standards Limitation. The Districts shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction. The Districts shall obtain the Town's approval of civil engineering plans and applicable permits for construction and installation of Public Improvements prior to performing such work.

7. Zoning and Land Use Requirements; Sales and Use Tax. The Districts shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

8. Growth Limitations. The Districts agree that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the Districts and the realization of Districts' revenue.

9. Conveyance. The Districts agree to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the Districts that is necessary, in the Town's sole discretion, for any Town capital improvement projects for transportation, utilities or drainage. The Districts shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the Districts that the Town determines are necessary for access to and operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

10. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the Districts shall obtain the

certification of an External Financial Advisor approved by the Town, in form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the Districts' Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the Districts.

The Districts shall submit written notice to the Town Manager of the name of the proposed External Financial Advisor which shall either be approved or objected to by the Town within twenty (20) days of the submittal of such written notice to the Town Manager. If the Town Manager does not object to such selection within the twenty (20) day period, the Town Manager's approval shall be deemed to have been given to the District retaining the External Financial Advisor named in the written notice.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the Districts shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the Districts and the Town regarding the issuance of the Debt.

11. Inclusion Limitation. The Districts may include all property with the Inclusion Area Boundaries, and shall provide written notice to the Town of all such inclusions concurrently therewith. The Districts shall not include within their boundaries any property outside the Inclusion Area Boundaries without the prior approval of Town Council. The Districts shall only include within its boundaries property that has been annexed to the Town and no portion of any of the Districts shall ever consist of property not within the Town's corporate boundaries.

12. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate Debt mill levies within the overlapping Districts will not at any time exceed the lesser of the Maximum Debt Mill Levy that applies to either of the overlapping Districts.

13. Debt Limitation. Unless otherwise approved by separate intergovernmental agreement or an amendment to this Agreement, on or before the effective date of approval by the Town Council of a final subdivision plat for Phase 1 of the Project, the Districts shall not: (a) issue any Debt; (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; or (c) impose and collect any Development Fees, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

14. Maximum Debt Authorization. The Districts shall not issue Debt in excess of Seventy Two Million Five Hundred Thousand Dollars (\$72,500,000). Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization, and Debt in the form

of an intergovernmental agreement between one or more of the Districts shall not count against the Maximum Debt Authorization set forth herein.

15. Recurring Fee Limitation. The Districts may impose and collect Recurring Fees for administrative, operations and maintenance expenses and for services, programs or facilities furnished by the Districts. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town, either administratively or by formal action of Town Council, at the discretion of the Town Manager. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the Districts, the Town shall be deemed to have approved the ability of the Districts to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

16. Monies from Other Governmental Sources. The Districts shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the Districts without any limitation.

17. Consolidation Limitation. The Districts shall not file a request with any Court to consolidate with another Title 32 district without the prior approval of Town Council, unless such consolidation is with one of the other Districts.

18. Public Improvement Fee Limitation. The Districts shall not collect, receive, spend or pledge to any Debt or use to pay for operations and maintenance services, any fee, assessment, tax or charge which is collected by a retailer in the Districts on the sale of goods or services by such retailer and which is measured by the sales price of such goods or services, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

19. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the Districts shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan.

20. Water Rights/Resources Limitation. The Districts shall not acquire, own, manage, adjudicate or develop water rights or resources, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

21. Eminent Domain Limitation. Absent the prior written approval of the Town, the Districts shall not exercise their statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the Districts' exercise of their statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area. In no event shall the Districts exercise their statutory power of dominant eminent domain to condemn property owned by the Town.

22. Covenant Enforcement and Design Review Services. The Districts shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the Districts in accordance with the Colorado Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the Districts. The Town's architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the Districts.

23. Special Improvement Districts. The District shall not be entitled to create a special improvement district pursuant to Section 32-1-1101.7, C.R.S., except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

24. Reimbursement Agreement with Adjacent Landowners. If the Districts utilize reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be done in accordance with Town Code. Any and all resulting reimbursements received for such improvement shall be used to re-pay the cost of the Public Improvement that is the subject of the reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

25. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the Districts shall not be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests required to be dedicated for public use by annexation agreements, Approved Development Plans, the Town Code or other development requirements, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, water rights, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council.

26. Developer Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the Districts, or for funds expended on the Districts behalf related to the Public Improvements, or for the acquisition of any part of the Public Improvements, the Districts shall receive: a) the report of an engineer retained by the Districts, independent of the Developer and licensed in Colorado verifying that, in such engineer's professional opinion, the reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition, including the construction costs and the soft costs, but excluding the accounting and legal fees, are, in such engineer's opinion, reasonable and are related to the provision of the Public Improvements or are related to the Districts' organization; and b) the report of an accountant retained by the Districts, independent of the Developer and licensed in Colorado verifying that, in such accountant's professional opinion, the reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, are, in such accountants opinion, reasonable and related to the Public Improvements or the Districts' organization. Upon request, the Districts shall provide the reports to the Town.

27. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the Districts or the operation and maintenance of the Public Improvements, the Districts shall receive the report of an accountant retained by the Districts, who is independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, the reimbursement of the funds advanced for such administration, operations or maintenance costs, are, in such accountant's opinion, receivable and related to the administration, operations or maintenance of the Districts or the Public Improvements. Upon request, the Districts shall provide the report to the Town.

28. Board Meetings and Website Limitations. Once an End User owns property in the Service Area, the Districts' Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown. The Districts' website(s) shall include the name of the Project or a name that allows residents of the development community to readily locate the Districts online and shall also include an updated street map for those properties within the Service Area that have constructed streets that are open for public use.

29. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the Districts in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the Districts, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The Districts shall be responsible for payment of the Town consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

30. Service Plan Amendment Requirement. Actions of the Districts which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the Districts, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

31. Maximum Debt Mill Levy. The Maximum Debt Mill Levy shall be maximum mill levy the Districts are permitted to impose for payment of Debt and includes, as appropriate, the Maximum Commercial Debt Mill Levy and the Maximum Residential Debt Mill Levy, and shall be determined as follows:

(a) Maximum Commercial Debt Mill Levy. The Maximum Commercial Debt Mill Levy shall be fifty (50) mills subject to a Gallagher Adjustment. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Commercial District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Commercial Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(b) Maximum Residential Debt Mill Levy. The Maximum Residential Debt Mill Levy shall be forty (40) mills subject to a Gallagher Adjustment. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Residential District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Residential Debt Mill Levy if a majority of the Board of the Residential District are End Users residing in such Residential District, and such Residential District Board authorizes such a Maximum Residential Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) Maximum Mixed-Use Debt Mill Levy. The Maximum Residential Debt Mill Levy shall apply to any Mixed-Use District; provided however, that if the inclusion of the Residential Property and the Commercial Property into a Mixed Use District is approved by the Town in an intergovernmental agreement that is approved by Town Council and is separate from the Intergovernmental Agreement provided for in Section IX and Exhibit D of this Service Plan, then the Maximum Commercial Debt Mill Levy may be applied within a Mixed-Use District. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the Mixed-Use District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Residential Debt Mill Levy if a majority of the Board of the Mixed-Use District are End Users residing in such Mixed-Use District, and such Mixed-Use District Board authorizes such a Maximum Residential Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

32. Operations and Maintenance Mill Levy. The Operations and Maintenance Mill Levy shall be a mill levy the Districts are permitted to impose for payment of the Districts'

administrative, operations and maintenance costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. The maximum Operations and Maintenance Mill Levy of a District shall be ten (10) mills, subject to a Gallagher Adjustment, and shall at all times not exceed the maximum mill levy necessary to pay those expenses. If a majority of the Board of Directors of a District are End Users residing in such District, such Board may eliminate the Maximum Operations and Maintenance Mill Levy if approved by the Town in an intergovernmental agreement.

33. Subdistricts. To the extent that a District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to each District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

34. Mill Levy Imposition Term.

(a) Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the Districts of an ad valorem property tax to pay any Debt, except as otherwise provided in an amendment of this Agreement or subsequent intergovernmental agreement with the Town approved by resolution of the Town Council. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a party related to the Developer. Developer Debt shall not have any call protection.

(b) Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, a Residential District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such mill levy unless a majority of the Board of the Residential District imposing the mill levy are End Users residing in such Residential District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S. et seq.

35. Dissolution. Upon a determination of the Town Council that the purposes for which the Districts were created have been accomplished, the Districts agree to file petitions in the District Court for dissolution, pursuant to the applicable State statutes. Dissolution shall not occur until the Districts have provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

45. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and all of which shall constitute one and the same document.

46. No Liability of Town. The Town has no obligation whatsoever to construct any improvements that the Districts are required to construct, or pay any debt or liability of the Districts, including any Bonds.

RE: Proposed Villages at Johnstown Metropolitan Districts Nos. 1-8

We have analyzed the bonding capacity for the proposed Villages at Johnstown Metropolitan Districts Nos. 1-8 (“the Districts”). The analysis presented summarizes and presents information provided by Caliber Wealth Development Company (“the Developer”) and does not include independently verifying the accuracy of the information or assumptions.

Assumptions

The following assumptions have been provided by the Developer and form the basis of the analysis. All prices below reflect 2018 market values.

1. The development is planned for single family, multi-family, and commercial uses as outlined below. In all cases, it is assumed home prices will increase at a rate of 2% per annum.
 - a. 223 single family residential homes, which are projected to be completed at an average pace of 56 per year from 2019 through 2022. The average price is modeled at \$382,500.
 - b. 104 single family residential homes, which are projected to be completed at a pace of 21 per year from 2019 through 2023. The average price is modeled at \$408,000.
 - c. 237 multifamily units, which are projected to be completed at a pace of 59 per year from 2019 through 2022. The average price is modeled at \$265,200.
 - d. 207,546 total square feet of industrial space, which is projected to be completed at a pace of 34,591 square feet per year from 2018 through 2023. The value per square foot is assumed to be \$102 per square foot.
 - e. 975,202 total square feet of retail/office space, which is projected to be completed at a pace of 97,520 square feet per year from 2019 through 2023. The value per square foot is assumed to be \$204 per square foot.
2. The debt service mill levy target is 40 mills (with a cap of 40 mills) beginning in tax collection year 2019.
3. The District is modeled to issue senior bonds in December 2023 with a par of \$59,400,000. An interest rate of 4.0% was modeled based upon an initial 30-year term. At issuance, it is projected

that the District will fund \$1,782,000 in costs of issuance for the 2023A Bonds with bond proceeds. The remaining \$57,618,000 is projected to be deposited to the District's project fund to reimburse the Developer for eligible expenses.

4. The District is modeled to issue subordinate bonds in December 2023 with a par of \$11,708,000. An interest rate of 7.0% was modeled based upon an initial 30-year term. At issuance, it is projected that the District will fund approximately \$351,240 in costs of issuance for the 2023B Bonds with bond proceeds. The remaining \$11,356,760 is projected to be deposited to the District's project fund to reimburse the Developer for eligible public improvement expenses.
5. The Senior Bond Surplus Fund is sized to a maximum of \$5,940,000, which constitutes 10% of the 2023A Bonds par amount.
6. Specific Ownership Tax revenues have been calculated based on applying a factor of 6.0% to annual property tax revenues.
7. It is projected that 98% of property taxes levied will be collected and available to the District.
8. It is projected that there will be a 2% biennial inflation rate on assessments. The bonding capacity could be higher if the rate of assessment inflation is greater, or conversely lower if the inflation rate is below 2%.

Estimate of Potential Bonding Capacity

Total bonding capacity based on the assumptions outlined, is projected to be approximately \$71,108,000 across the projected senior and subordinate issuances.

Based upon the development assumptions provided and the financial assumptions contained in the attached projected Financing Plan for the proposed Villages at Johnstown Metropolitan Districts, the projected revenue is sufficient to retire all Debt referenced in the Financing Plan within the restrictions set forth in the Districts' Service Plan, including but not limited to the maximum debt mill levies and mill levy imposition terms permitted.

The assumptions disclosed in the Financial Plan are those of the Developer and have not been independently reviewed by D.A. Davidson. Those assumptions identified are believed to be the significant factors in determining financial feasibility; however, they are likely not to be all-inclusive. There will usually be differences between forecasted and actual results, because events and circumstances frequently do not occur as projected, and those differences may be material. Key assumptions, including those relating to market values of real property improvements and the build out schedule of such property, are particularly sensitive in terms of the timing necessary to create the tax base for the Districts. A small variation in these variables, and to their timing, can have a large effect on the forecasted results. There is a high probability that the forecasted results will differ from realized future tax base factors and such variations can be material. Additionally, other key assumptions relating to inflation, assessment ratios, interest rates, and infrastructure, administrative, and operating costs may, and likely will, vary from those projected.

Because D.A. Davidson has not independently evaluated or reviewed the assumptions that the financial model is based upon, we do not vouch for the achievability (and disclaim any opinion) of the information provided. Furthermore, because of the inherent nature of future events, which are subject to change and variation as events and circumstances change, the actual results may vary materially from the results

presented here. D.A. Davidson has no responsibility or obligation to update this information or this financial model for events occurring after the date of this report.

Respectfully submitted,

$\$28,800 \times .050$ mills = **\$1,440 per year in taxes owed solely to the Districts**

Sample Calculation of Mill Levy Cap for a Commercial, Office or Industrial Property:

Assumptions:

Market value is \$750,000

Mill levy cap is 60 mills

Calculation:

$\$750,000 \times .29 = \$217,500$ (Assessed Valuation)
