

Ballot Issue 1A:

To Approve a 0.5% Transportation Sales and Use Tax, Elimination of Street Maintenance Fee

While not listed in order, the Town has identified road improvements, provided in the Town's [2020-2029 Road Capital Improvement Project Needs](#), that will be addressed if Ballot Issue 1A is passed. The list represents almost \$18 Million in improvements to our community streets. Passage will allow for the Town to complete these projects in a shorter time period, rather than allowing our infrastructure to continue to deteriorate.

IF VOTERS APPROVE TO ESTABLISH THE 0.5% TRANSPORTATION TAX... the following are examples of specific street projects that will be addressed.

TELEP AVE. (WCR 15) — EST. PROJECT COST: \$1,452,275

PROJECT SCOPE: Full reconstruct (rebuild) Telep (WCR 15) from Hwy 60 to WCR 46 with an addition of sidewalk and shoulder for enhanced safety.

CHARLOTTE ST. — EST. COST: \$887,923

PROJECT SCOPE: Reconstruct (rebuild) Charlotte (Jay to Columbine) to eliminate the crown, provide better approaches to the cross streets, fix drainage.

KUNER ST. — SCOPE: RECONSTRUCTION — EST. COST: \$86,500
